Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the same form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

(3) **Fee.**—Candidates must enclose with their applications a fee of Rs. 5 (for each category of posts) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXXVI—Miscellaneous Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal orders, however, may be accepted from candidates. They should be crossed and made payable to "The Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers. In no case will the fee paid with the application be refunded.

(4) **Address.**—Candidates should give their present address and should communicate at once any subsequent change of address.

(5) **Canvassing.**—Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

(6) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or statutory body should submit an advance copy in the prescribed form. The application fees should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

NOTIFICATION

No. 1964L.—1st September, 1960.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE BENGAL PUBLIC DEMANDS RECOVERY (AMENDMENT) BILL, 1960.

A

BILL,

to amend the Bengal Public Demands Recovery Act, 1913.

WHEREAS it is expedient to amend the Bengal Public Demands Recovery Act, 1913, for the purposes and in the manner hereinafter appearing; Ben. Act III of 1913.

It is hereby enacted in the Eleventh Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Bengal Public Demands Recovery (Amendment) Act, 1960.

Amendment of section 16 of Ben. Act III of 1913. **2.** In section 16 of the Bengal Public Demands Recovery Act, 1913 (hereinafter referred to as the said Act), for the proviso to clause (*a*), the following proviso shall be substituted, namely:—

"Provided that—

(*i*) no interest shall be charged if the amount of public demand is less than twelve rupees or if the period from the date of signing the certificate up to the date of realization does not exceed three months;

(*ii*) no interest shall be charged for the period during which the execution proceedings are stayed under an order passed by the Certificate-officer at the instance of the certificate-holder unless the Certificate-officer, having regard to the circumstances of the case, and subject to the limit of three *per centum per annum*, thinks fit to allow it; and

The Bengal Public Demands Recovery (Amendment) Bill, 1960.

(Clause 3.)

Amendment of section 39.

3. In sub-section (*2*) of section 39 of the said Act, for clause (*f*), the following clause shall be substituted, namely:—

'(*f*) the transfer of certificates, proceedings in execution of certificates and petitions under section 9 denying liability from one Certificate-officer to another for disposal;'.

STATEMENT OF OBJECTS AND REASONS.

Under section 16(*a*) of the Bengal Public Demands Recovery Act, 1913, interest upon public demand is chargeable at the rate of 6¼ *per cent. per annum* for the period from the date of signing of the certificate up to the date of realisation. In many cases, certificate proceedings under the Act are stayed—

(*a*) under orders passed by the Certificate-officers at the instance of the certificate-holders, or

(*b*) under orders passed in appeals or in revision or by a Court at the instance of the certificate-holders or persons other than the certificate-debtors.

It is not fair to charge, in such cases, full interest for the period the certificate proceedings are so stayed. It is, accordingly, proposed to grant remission of interest, or, to charge interest at a maximum rate of 3 *per cent. per annum*, in the cases mentioned in (*a*) above, having regard to the circumstances of the cases, and to grant remission of interest in the cases mentioned in (*b*) above, for the period the certificate proceedings are stayed under the above circumstances.

It is also proposed to empower the Collector to transfer cases from one Certificate-officer to another for expediting disposal of cases.

The Bill has been framed with the above objects in view.

Member-in-charge.

Ananda Bazar Patrika Private Ltd., Ananda Bazar House, 6 Sooterkin Street, Calcutta-1, and their workmen represented by the Ananda Bazar, Hindusthan Standard, Desh Employees' Union, 26 Ramkamal Sen Lane, Calcutta-7, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Ananda Bazar Patrika Private Ltd., Ananda Bazar House, 6 Sooterkin Street, Calcutta-1, and their workmen represented by the Ananda Bazar, Hindusthan Standard, Desh Employees' Union, 26 Ramkamal Sen Lane, Calcutta-7. (Case No. VIII-117 of 1959.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: Shri Kumud Bhusan Mazumder, General Secretary of the Union.

For the Company: Shri Satish Chandra Sen, Advocate.

AWARD

By order No. 2943-I.R./IR/13L-19/59, dated 6th July 1959, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Ananda Bazar Patrika Private, Ltd., Ananda Bazar House, 6 Sooterkin Street, Calcutta-1, and their workmen represented by the Ananda Bazar, Hindusthan Standard, Desh Employees' Union, 26 Ramkamal Sen Lane, Calcutta-7, regarding the matters specified in the schedule to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues.

(1) Puja Bonus for 1957.

(2) Whether the termination of employment of Shri Kanai Lal Sharma is justified? What relief, if any, he is entitled to?

The reference was received by this Tribunal on 13th July 1959. Notices were duly served upon the parties. The dispute under reference is between Messrs. Ananda Bazar Patrika Private Ltd. (hereinafter to be described as the Company) and their workmen represented by Ananda Bazar, Hindusthan Standard, Desh Employees' Union (hereinafter to be described as the Union).

The Union filed its written statement of claim on 12th August 1959. The Company filed its

written statement on 21st September 1959. Thereafter the documents were called for from the Company for inspection by the Union as per order No. 11, dated 16th December 1959. The Company filed the documents in pursuance of that order on 4th February 1960. Thereafter before the inspection of documents could take place the Tribunal was given to understand that the parties would come to an amicable settlement of disputes including the matters in issue before this Tribunal. After several adjournments the date was fixed on 6th August 1960 for taking steps by the parties.

On 3rd August 1960 the Company and the Union filed a joint petition before this Tribunal stating that the disputes between the parties including the dispute over the two issues under reference have been amicably settled in view of agreement arrived at in the conciliation proceedings on 26th July 1960, and the parties pray that an award may be passed so far as the present issues are concerned to the effect that there is no more any dispute between the parties requiring adjudication by this Tribunal in view of the aforesaid agreement, dated 26th July 1960.

I have carefully gone through the joint petition filed on 3rd August 1960 and the memorandum of settlement, dated 26th July 1960, between the parties filed as a part of the joint petition. The terms of settlement arrived at between the parties on 26th July 1960 covered various matters including the two issues under the reference, namely, issue No. 1: Puja Bonus for 1957 and issue No. 2: whether the termination of employment of Shri Kanai Lal Sharma is justified? What relief, if any, he is entitled to? So far as the issue No. 1 is concerned there has been a final settlement as it will appear from clause (5) of the agreement itself and so far as the issue No. 2 is concerned it has been finally settled between the parties and it is covered by clause (7) of the agreement, dated 26th July 1960. It is, therefore, clear that in view of the aforesaid agreement there is no longer any dispute between the Company and its workmen in respect of the matters mentioned in issues Nos. 1 and 2 of the present order of reference. The terms of settlement as embodied in the said agreement appear to be fair and reasonable, so far as the present two issues are concerned. I, therefore, give effect to the terms of settlement so far as they relate to the two issues under the present reference and pass a "no dispute" award, in terms of the joint petition filed by the parties on 3rd August 1960 and in terms of clauses (5) and (7) of the agreement, dated 26th July 1960. Both the joint petition and the memorandum of agreement, dated 26th July 1960, do form a part of my award as annexure "A" and "B" respectively.

This is my award.

Dictated and corrected by me.

SUDHIR RANJAN GHOSH,
Judge, Third Industrial Tribunal.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri P. P. Pathak.

For the Company: Shri K. K. Maitra, Advocate.

An industrial dispute between Messrs. Karco Restaurant (hereinafter referred to as the Company), C (New), 44/47 S. S. Hogg Market, Calcutta, and their workmen represented by Karco Workers' Union (hereinafter referred to as the Union), 4-C Kalighat Road, Calcutta, over the following issues, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 194-I.R./IR/11L-237(A)/59, dated the 16th January 1960.

Issues

(1) Revision of existing wages and fixation of minimum wages.

(2) Gratuity.

(3) Confirmation of service.

(4) Food allowance.

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

AWARD

The industry, in question, is a restaurant situated at Hogg Market employing about 45 workmen. This restaurant is evidently situated at a very important position in Calcutta facing the New Market which is perhaps the biggest market in Calcutta. Besides, a large number of fashionable cinema houses are situated in this particular area. The only witness examined by the employer stated in his cross-examination that the accommodation of the restaurant for the customers as well as the number of staff had been consistently increasing all through since the restaurant had been started.

The contention of the Union is that the different categories of workmen should be paid in accordance with the pay-scales and other facilities as mentioned in annexure B(1) attached to its written statement. On the other hand, it is contended by the employer that the existing wage rates call for no revision as these do not compare unfavourably with the wages paid by other restaurants in the locality, and that they are not in a position to shoulder any further financial burden on additional liability,

I now proceed to consider the issues one by one.

Issue No. 1

This issue relates to revision of the existing wages and fixation of minimum wages. It appears from the statement, Ext. 1, submitted by the Union, that there are at present 46 workmen in this establishment out of which 13 are described as table-boys and 11 as mosalchis. Some of the table-boys get wages at Rs. 25 per month, and some at Rs. 28 while among the mosalchis some are paid at Rs. 20 per month and the rest at Rs. 30. The workers are also supplied with two meals a day as well as tiffin which naturally should be included in wages. The value of the food is assessed by the employer at Rs. 20 per month, and that of the tiffin at Rs. 15 per month, and this amount is shown in Wage Register. So the minimum wages of the mosalchis come to Rs. 55 per month taking together the food and the tiffin allowances. A question now arises for consideration if the wages paid to the employees can be said to be appropriate. The Fair Wages Committee in dealing with the question of wages came to the conclusion that the wages of an industrial worker to be fixed must provide not merely for the bare subsistence of life but also for the preservation of efficiency of the worker; and that for this purpose the minimum wage must also provide for some measure of education, medical requirements and other amenities. This is the minimum which he must have irrespective of the capacity of the industry or his employer to pay. Thus the floor level of wages is to be determined. If any employer is not in a position to pay even the bare minimum wages, it has no justification to exist. The upper limit of wages must be set by what may be called the capacity of the industry to pay, not of a particular unit thereof, but of the industry-cum-region basis. Taking the family unit of a workman as comprising of three consumption units, and the requirement on account of food at

Rs. 5-8 per head and the total expenses per family distributing at 60 per cent. and 40 per cent. on account of food and either items as clothing, housing, etc., the minimum wage comes to Rs. 27-8. At 180 points of the cost of living index this sum of Rs. 27-8 comes up to Rs. 49-8. The cost of living index at the moment is above 400 points. Apparently, the existing minimum wages at Rs. 55 for the mosalchis is quite insufficient to meet even the bare necessities of life of a workman liable to support a family of three adult persons including himself. After giving my best considerations to the questions, I deem it fair that no worker in this establishment should be paid at less than Rs. 65 per month, which is the bare minimum. I do not think that a workman working in the heart of the city should be paid less than that in a flourishing restaurant. There is no dispute on the point that the table-boys numbering 13 at the moment do not enjoy the benefit in the shape of free meal. Their salary is Rs. 25 per month for some, and Rs. 28 for the rest. Taking the value of tiffin at Rs. 15 per month which is accepted by both the parties, the minimum comes to Rs. 40 per month. Admittedly table-boys get some extra earning in the shape of tips. P.W. 1, the only witness examined by the Union, said that generally the table-boys get tips amounting to Rs. 1-4 daily. The witness examined by the employer estimated the amount at a higher figure. Naturally this earning is of variable nature as it is given in the form of baksis by customers when served by particular table-boys. The minimum wages to be paid to a workman has got to be decided giving due importance to the nature of the job performed, and the requirement of the workman to meet his necessities. It is true that the employer's pocket is not in any way touched by the earnings of the table-boys by way of baksis from the customers. But at the same time the particular nature of employment affords an opportunity to the workmen for having an extra source of income by serving the customers at the tables. It would therefore be best to fix the minimum wages of the table-boys at Rs. 35 per month, and this sum along with the free tiffin allowance would make the total emolument Rs. 50 per month. The minimum wages of mosalchis and the table-boys are thus fixed at Rs. 30 and Rs. 35 per month respectively. Those mosalchis whose existing pay is above Rs. 20, and not exceeding Rs. 30, are allowed an increment by Rs. 8 and their salaries be fixed accordingly. Similarly the table-boys now getting Rs. 28 would get Rs. 36 per month. For the tea-maker and the assistant karigar who are now getting Rs. 30 per month, I fix their salary at Rs. 38 per month. The salary of the assistant pantryman is now Rs. 25. I fix it at Rs. 35 per month. Those workmen, i.e., the cooks, the head tea-maker, the store-keeper, the bazar sarkar, and the pantrymen who are getting wages at various rates between Rs. 37 to Rs. 63 as shown in Ext. 1, are allowed an increment by Rs. 6 and their wages would be accordingly fixed. I do not find any justification for revising the wages for the rest of the workmen who are drawing more than Rs. 63 per month. The employer filed a chart showing the rates of wages of the different categories of workmen in some neighbouring restaurants (vide Ext. A). It is stated that the chart had been prepared upon local enquiry. But neither the employers nor the workmen of those concerns are examined. It is not known what total amenities the workmen of those restaurants enjoy. There is nothing to establish the correctness of the statement contained in the chart Ext. A. I cannot therefore place any reliance upon Ext. A. It is true that the fair wages in a particular industry should be fixed not merely on the basis of the paying capacity of the employer but also on region-cum-industry basis. There is no material before me to compare the wage-structure in this concern with comparable industries of similar size and prosperity in the neighbourhood. From the balance-sheet submitted by the employer it appears that the annual sale is gradually increasing and the sale of foodstuff in the year ending 31st March 1959, was Rs. 2,32,673. Of course in the audited balance-sheet the net profits had been shown at Rs. 5,228 on the year ending 31st March 1958, and Rs. 3,330 in the next year. Huge sums of Rs. 9,819 and Rs. 6,982 had been shown under the head of "General charges" in the two years respectively. But the auditor in his report mentioned that this sum of capital expenditure could not be supported by proper evidence. Under the head of "wages and salary" the sum of Rs. 24,841 and Rs. 14,656 are shown in the year 1958. From the chart submitted by the Union along with the written statement showing the existing salary of the workmen numbering fifty, I find that the total comes up to Rs. 25,200 yearly. It is difficult to accept the correctness of the audited balance-sheet of two years which does not appear to have been regularly kept. The annual sale of the concern and its gradual prosperity are to be considered in ascertaining the paying capacity of the employer. In this consideration I hold that the employer has the capacity to increase the wages. But I do not consider it prudent to lay down any incremental scales of pay for the workmen in the present circumstances as it is yet to be seen if the employer would be able to bear additional burden year to year. The wages as fixed would come into force from the 1st August 1960. The claim for giving retrospective effect, otherwise, stands disallowed.

Issue No. 2

The Union demand introduction of a gratuity scheme at 15 days' pay for each completed year of services. The concern appears to be in good financial position. The sale of foodstuff was to the extent of 2.16 lacs in the year ending March 1958, and the same was more than 2.32 lacs in the next financial year. Considering the rate of wages, a substantial part of which is in the shape of food and tiffin allowance, supplied at the spot, there can be no doubt that the workers would have little surplus in hand at the time of termination of their services. Thus I lay down that the workers would be paid gratuity on the basis of 15 days' wages excluding food and tiffin allowance for each completed year of services at the time of retirement from service or on voluntary resignation or on termination of service otherwise than by way of dismissal for misconduct. The maximum amount of gratuity is fixed at 15 months' wage. Gratuity would be available to the heir and legal representative of the workman on his death whilst in service. The scheme of

...ty is subjected to that condition that no workers having putting in less than 5 years of completed service would be entitled to the same.

Issue No. 3

The Union demand that all workers would be confirmed after six months of service. It is contended by the employer that the present system that a worker is made permanent after completion of 12 months' service, should not be disturbed. Considering the nature of the job in a restaurant, I think that the present system as to retaining the workers temporary for one year is proper. Thus it is laid down that a workman should be confirmed after one year of service.

Issue No. 4

It is demanded by the Union that the present system of supplying meals should be extended to all the workers.

It appears from the statements Ext. 1 and Ext. 1(c) that the table-boys numbering 13 and the jamadar Jillu are supplied with free tiffin only and not with meals. I have already stated that the table-boys get an income of Rs. 30 approximately per month per head from tips. There are reasons to think that the earnings from tips though fluctuating, actually work out at a better average per month in a year. The jamadar Jillu is stated by the employer to be a part-time worker. The other jamadar Madan Lall is stated to be permanent hand. I do not think that the part-time jamadar should be treated in the same manner as the other workmen who are wholetime workers. So, there are reasons for denying the food allowance to these workmen and I do not like to interfere.

It is demanded by the Union that the workers should be given an option to receive cash payment of Rs. 35 paid for food and tiffin. So far as tiffin is concerned, I do not like to make any change. Naturally if the workmen are allowed to leave the restaurant for taking tiffin outside in the morning and evening, it would cause dislocation in the work. Regarding conversion of the system of supply of free meals into cash payment, the employer has no objection to make completely such change if at best 75 per cent. of the workmen at present signify their intention for that. I think it would not be to the best of interest of the employer and the employee to make food allowance optional in the sense that the workmen may or may not have cash payment in lieu of free meals. The system must continue either fully or it would be totally abolished. A partial alteration with liberty to workmen to have either, would involve greater expense for the establishment charges on that account. It is undenied that the value of food is not worth less of Rs. 20. A flexible rule as to conversion would obviously create some dislocation. It is thus decided that if at least 75 per cent. of the workmen signify the intention in writing to take cash allowance at Rs. 20 in lieu of food within 30 days from the date of publication of this award in "Calcutta Gazette," the system of supply of free meals will be totally abolished and replaced by the system of payment in cash at Rs. 20 per month. Otherwise the present system must continue.

The case of the Union, briefly stated, is as follows:

About 10 years back there was a Union of the workers of the company. That Union broke up due to the onslaught of the company. Ten years later the present union, viz., Metal Press Workers' Union was organised. The Union was successful in extracting some facilities from the company as a result of collective bargaining. The Union also placed a charter of demands before the company and at the request of the company that charter of demands was referred to the Engineering Association of India of which the company is a member for amicable settlement. But no settlement was possible due to the delaying tactics adopted by the company. The success in extracting some benefits for the workers perturbed the company and it began to seek for opportunities to teach the workers a good lesson. Such an opportunity came after the reopening of the factory after the Pujas in 1957. The Union demanded for temporary workers paid holidays for Durga Pujas which were given to permanent workers. The company asked the Union to wait for two weeks and was told after two weeks that the demand could not be granted. This differential treatment between the permanent and temporary workers was strongly protested by the Union and the protest was answered by the company by the declaration of a lock-out on 11th November 1957 for an indefinite period. The lock-out was so unexpected that some of the workers who were scheduled to begin work at 7 a.m. went inside the factory as usual and were locked inside when the company suddenly declared the lock-out. Those workers were rescued with police help. The lock-out continued till 12th January 1958 and on the basis of an interim agreement the factory was opened on 13th January 1958. On the first day of the reopening of the factory the company did not act up to the interim agreement and refused to take in four lorry coolies; this was protested by all the workers. After the reopening the management removed tin sheets and other raw materials. This shows that the management was preparing grounds to declare a second lock-out in order to starve the workers to submission. Further, within a month or so of the reopening of the factory 23 workers under the so-called contract system were laid off. This action was strongly protested by the workers, but the work inside the factory continued as usual until the company declared the second lock-out on 3rd March 1958. The declaration of the second lock-out was reported to the Labour Directorate and three conferences were held at the Labour Directorate on the initiative of the Union. In those conferences the representative of the company raised numerous fresh issues, while the stand of the Union was always uniform. On 4th August 1958, the management decided to withdraw the lock-out, and on the eve of the withdrawal of the lock-out they dismissed four workers, on charges levelled against them four months back. This action of the company was protested by the workers who tried to send a deputation to the company on that very day but were refused entrance into the factory. On 8th September 1958 the Union came to know that the case of the above four dismissed workers had been referred to the Second Labour Court for adjudication and the workers decided to resume their work. Accordingly the work of the factory started on 10th September 1958. The Union prays that (1) curtailment of facilities which results in differential treatment be stopped, (2) the termination of services of four lorry coolies and of 23 so-called contractor's workers is wrong and unjust, and they be reinstated and given due compensation for the period of their unemployment, (3) the lock-outs be

declared illegal and compensation be paid for the periods of lock-outs and (4) compensation be paid for the period between the withdrawal of the second lock-out and the resumption of work.

The case of the company, on the other hand, is as follows:

On 6th March 1957 the Union submitted a charter of demands about revision of minimum wages, sick leave, bonus, abolition of contract system and other matters. Thereafter several tripartite conferences were held in the office of Engineering Association of India on the charter of demands submitted by the Union, and ultimately in October 1957 a draft agreement was drawn up covering all the issues in the dispute. This agreement was forwarded to the Union for approval by the above Association under a covering letter, dated 20th October 1957. The Union, however, did not agree to the terms of the draft agreement and requested the said Association by its letter, dated 7th November 1957 to convene another joint conference with a view to finalising the agreement. While this negotiation was going on, on 9th November 1957 a crowd of more than 50 workers entered into the factory office and cash department and surrounded the staff. They demanded settlement of the charter of demands then and there. The officers of the company told them that this was not possible and asked them to leave the office. They however refused to do so. They stayed in the cash department for the whole of the day and night of 10th November 1957. It is only with the intervention of the Police Authority that they were made to vacate the office and the cash department on the following day, i.e., 11th November 1957; but they continued to stay in the factory premises. They threatened, coerced and harassed the officers and other staff of the company. The management put up several notices asking them to refrain from such subversive activities, but to no effect. Ultimately the management had no alternative but to declare a lock-out on and from 11th November 1957. On 10th January 1958 an agreement was reached, as a result of which the factory was reopened on 13th January 1958. The work in the factory had hardly progressed satisfactorily for a fortnight after the reopening, when the workers again took law in their hands and indulged in all sorts of unlawful and subversive activities. On 5th February 1958 the workers left the factory without the permission of the management and joined the contractor's workers who had been laid off by the contractor on that day. The workers did not allow some of the officers of the company to enter into the office or to go outside the factory gates. From that day the workers resorted to numerous devices with a view to harassing the management and virtually bringing down the production to a standstill. They abused the representative of the management in filthy language and detained the officers of the company in the factory premises everyday. They refused to collect their weekly wages due on 8th February 1958 which was a weekly pay-day. One of the terms of the agreement of 10th January 1958, was that the company would pay an advance of two weeks' wages to each worker and would begin to recoup from the third week after reopening. As the company wanted to recoup it on the third week, the workers refused to take their wages, as mentioned above. The workers continued to indulge in acts of gross indiscipline, coercion and intimidation. With the result, some of the staff had to abandon their work due to threats of assault meted out to them by the workers. The management put up several notices requesting the workers to maintain law and order, but to no effect. Ultimately the management had no option but to close down the factory with effect from 3rd March 1958. Thereafter some joint meetings were held between the representative of the management and the Union at the Labour Directorate, but no settlement could be arrived at due to the adamant attitude of the Union. In the meantime Government of West Bengal, by an order, dated 11th July 1958, referred the dispute between the company and the workmen for adjudication to the Second Labour Court. The management was accordingly informed by the Assistant Secretary, Government of West Bengal, Labour Department, that work in the factory should be resumed immediately. Accordingly the management put up a notice on 28th July 1958 intimating the workers that the factory would be reopened as from Monday, the 4th August 1958. But the workers did not report for duty on 4th August 1958, as required in the notice. Thereafter at the request of the company, Government of West Bengal issued a notice under section 10(3) of the Industrial Disputes Act prohibiting continuance of strike by the workers. In spite of that notice the workers did not call off the strike. It was only after several notices put up by the management that work could be resumed in the factory as from 10th September 1958. The company therefore contends that:

(i) there has been no curtailment of facilities resulting in differential treatment of workmen;

(ii) the company did not terminate the service of the 23 workers and four lorry coolies who had all along been the employees of the contractors;

(iii) the company was forced to close down the factory on and from 11th November 1957 and again on and from 3rd March 1958 as a result of complete lawlessness prevailing in the factory;

(iv) though the factory was reopened on 4th August 1958 the workers did not report for duty until 10th September 1958. So they are not entitled to any compensation for that period.

FINDINGS

Issue No. 1: The Union has not stated in its written statement or in the evidence adduced by it what the existing facilities to a section of workmen in the factory were and how and when they were curtailed. On the contrary, the Union has stated in its written statement that after its formation it was successful in extracting some facilities as a result of collective bargaining. So far from curtailment of existing facilities, the Union itself has admitted that some facilities not existing previously were granted due to the efforts of the Union. So I hold that there has not been any curtailment of existing facilities to a section of workmen in the factory. As such, no question of relief arises.

Issue No. 2: The Union has contended that the lorry coolies, viz., Sarbashri Budha Koiri, Gokul Koiri, Suklal Koiri and Mannu Kahar were the employees of the company, viz., Messrs. Metal Press Works Limited. But the company has contended that the above coolies were employees of another company, viz., Kayar Limited, who were given contract of transport by Messrs. Metal Press Works Limited. In support of this contention the company has examined O.P.W. 3 Shri S. P. Pandey, alleged to be an employee of Messrs. Kayar Limited and some other witnesses, and has also produced a copy of an agreement alleged to have been made between Messrs. Metal Press Works Limited and Messrs. Kayar Private Limited. That agreement is dated 25th October 1957. This shows that this agreement was executed at about the time when the trouble between the Union and Messrs. Metal Press Works Limited started. It is true that the agreement states that a verbal agreement between the parties was made on 1st June 1957; but there is no satisfactory evidence in support of the contention that any verbal agreement was made on 1st June 1957. It appears from the evidence of Shri S. P. Pandey on whose evidence the company relies mostly for its contention that the above four lorry coolies were the employees of Messrs. Kayar Private Limited that he is not a disinterested witness. It is also on evidence that most of the Directors of Messrs. Metal Press Works Limited are also the Directors of Messrs. Kayar Private Limited. Moreover, in the draft agreement on the charter of demands which the Engineering Association of India on behalf of the company sent to the Union by their letter, dated 28th October 1957 (Ext. F), clause VIII, reads as follows:

> "The demand for fixing hours of work for drivers and lorry coolies has been dropped as the existing system is quite satisfactory and as they are not covered under the provisions of the Factory Act."

This clause drafted by the Engineering Association of India at the instance of Messrs. Metal Press Works Limited is clearly an admission on the part of Messrs. Metal Press Works Limited that the lorry coolies were employees of that company.

All these considerations lend support to the contention of the Union that Messrs. Kayar Private Limited, if there is any company of that name, are only a 'Benamder' of Messrs. Metal Press Works Limited. So I hold that Sarbashri Budha Koiri, Gokul Koiri, Suklal Koiri and Mannu Kahar were employed by Messrs. Metal Press Works Limited. The company has not shown any reason why their services were terminated. As a matter of fact, the company has disowned any connection with them at the time of termination of their services. So I hold that the termination of their services is unjustified. Hence I order that they be reinstated in service and be paid wages for the period of their forced unemployment by Messrs. Metal Press Works Limited.

Issue No. 3: The company has contended that the 23 workmen mentioned in the list attached to the order of reference were not employees of the company but were the employees of contractors. In support of its contention it has adduced the evidence of some of the contractors as also of some officers of the company. It has also produced agreement of contract dating from 28th March 1955. There is no reason whatsoever for disbelieving the evidence on behalf of the company in this respect. The learned lawyer appearing on behalf of the Union has put the witnesses on behalf of the company to severe cross-examination on this point, and all of them have acquitted themselves well. On the other hand, the Union has not been able to produce any evidence in support of its contention that the 23 workmen were the employees of the company. Its argument seems to be that since soldering is an essential part of the work done by the company and since most of the 23 workmen were soldermen they must be presumed to be employees of the company. But there is nothing unreasonable for a company to have a portion of its work done by contractors, if that system suits its convenience. Moreover, the presumption urged by the Union has been satisfactorily negatived by the positive evidence adduced by the company on this point. So I hold that the 23 workmen mentioned in the list attached to the order of reference were not employees of Messrs. Metal Press Works Limited. As such they are not entitled to any relief at the hands of the above company.

Issue No. 4: According to the Union, the workers protested to the company against differential treatment between the permanent and so-called temporary workers and as a result the company declared the first lock-out. So the Union contends that making of such legitimate protest should not have been met by the declaration of a lock-out and as such the first lock-out is unjustified. As to the second lock-out the case of the Union is that on the first day of the reopening after the first lock-out the company refused to take in four lorry coolies and this was protested by the workers. Further, the management began to remove tin sheets and other raw materials from the factory and thereby prepared the way for a second lock-out. The company also laid off 23 workers whom the company described as employees of a contractor. The workers protested to all these activities of the management; nevertheless they continued to do their work as usual. Still the management declared the second lock-out only to victimise the workers.

The company, on the other hand, contends that on 9th November 1957, a number of workers went to the office and cash department and demanded settlement of their charter of demands then and there. As their demand was not complied with they continued to remain there for the rest of the day and for the following day. So the company contends that it was forced to declare the first lock-out. Some of the witnesses on behalf of the Union have admitted this much that some workers went on a deputation to the office on 9th November 1957. This lends some support to the case of the company on this point. As to the second lock-out the case of the company is that the contractor laid off his employees. Their cause was taken up by the employees of the company and both these groups of workmen started unruly conduct inside the factory. The Union had admitted this much that the workers made protest against the laying off of the above 23 workers. The question is whether the protest was made in the way described by the Union or in the way described by the company. The company has examined a number

of witnesses to describe its version of the circumstances preceding both the lock-outs. Their evidence has also been supported by contemporaneous documentary evidence. I find no reason to disbelieve the evidence adduced on behalf of the company on this point. So I hold that the company was forced due to the conduct of the workmen to declare both the lock-outs. As the workmen are to thank themselves for the declaration of the two lock-outs, I hold that they are not entitled to wages for the periods of the two lock-outs; i.e., from 11th November 1957 to 12th January 1958 and from 3rd March 1958 to 10th September 1958.

ANNEXURE

In the matter of an industrial dispute between Messrs. Rungamuttee Tea Estate, P.O. Mal, Jalpaiguri, and their workmen represented by the West Bengal Cha Sramik Union, Jalpaiguri. (Case No. VIII-C-280 of 1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri B. K. Choudhury, Counsel, instructed by Shri B. D. Nan of Messrs. Sandersons and Morgans, Solicitors.

For the Union: Shri D. L. Sengupta, Advocate, instructed by Shri Deven Sarker, General Secretary and Shri B. D. Rai, Assistant Secretary.

By order No. 4667-I.R./IR/9L-34/59, dated Calcutta, the 24th September 1959, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Rungamuttee Tea Estate and their workmen represented by the West Bengal Cha Sramik Union to the Second Labour Court for adjudication regarding the matter specified in the issue to the order of reference.

Issue

Whether the termination of employment of Shri T. V. Francis is justified. To what relief, if any, is he entitled?

The case of the Union, briefly stated, is as follows:

Messrs. Rungamuttee Tea Estate (hereinafter referred to as the company) maintain a workshop for attending to fitting, overhauling, repairing and welding of oil engine parts, roller machines and other machines used in the factories of Tea Estates. Shri T. V. Francis, a Welder-Fitter of the Company, along with two other fitters used to do the above works of the workshop, and Shri Cham Sin, a China man, was appointed occasionally on a temporary basis by the company to assist Shri T. V. Francis in doing the above work. Of the two fitters Shri Allen John was junior to Shri T. V. Francis in service and pay. Thus of the four men employed to do various works of the workshop, only one was senior to Shri T. V. Francis, while the other two, viz., Shri Allen John and Shri Cham Sin were junior to Shri T. V. Francis and they all belong to one category, viz., that of fitter-mechanics. The work of welding is required only when something is broken or damaged and this welding work was only a part of the work of Shri T. V. Francis; for the rest of the time he had to do various mechanical works of manufacturing new parts, repairing, overhauling and attending to old machines. Shri T. V. Francis was appointed by the company on 21st January 1955 on a clear understanding of doing the above works, and he actually did the

above works all along under the supervision and control of Mr. Lingy, the Engineer. Shri T. V. Francis was elected Secretary of the Local Committee of West Bengal Cha Sramik Union on 18th October 1958 and in that capacity he took an active part in organising the labourers of the Tea Estate and in placing their grievances before the management. The management did not take this trade union activity of Shri T. V. Francis in good grace and wanted to victimise him. In consequence thereof the company by a letter, dated 29th April 1959, terminated the service of Shri T. V. Francis on the ground that there was insufficient welding work and that the Welding Department was being closed down. The union contends that the plea of abolition of the Welding Department is mala fide in that welding work is essential in all workshops. Further Shri T. V. Francis was not a whole-time welder; he was more of a fitter than of a welder, though as he knew the work of welding, his services were naturally utilised by the company for welding work. As he is a fitter as well, if there is any necessity of retrenchment, the two fitters, viz., Shri Allen John and Shri Cham Sin, junior to him ought to have been retrenched before Shri T. V. Francis. The union therefore contends that the termination of service of Shri T. V. Francis is an act of victimisation and is unfair.

The company, on the other hand, contends that Shri T. V. Francis was a welder simpliciter; he was appointed a welder and did the work of welding only in 1955 and 1956. In 1957 he was given a trial to show his ability as a fitter and was entrusted with the work of overhauling of a Legg Cutter Machine and dismantling and re-erecting of Tea Roller Machine. He proved a failure in both these works due to lack of his knowledge and experience. Except for the above trial he did not do any work of a fitter. In the written statement the company as stated that Shri Cham Sin was employed in December 1954, i.e., before Shri T. V. Francis as a fitter and mechanic; but at the time of hearing the lawyer on behalf of the company has admitted that Shri Cham Sin was appointed by the company long after Shri T. V. Francis. The company admits that Shri Allen John was appointed after Shri T. V. Francis, but its case is that Shri Allen John or Cham Sin is not in the same category as Shri T. V. Francis; because the former two are fitters and mechanics, while Shri T. V. Francis is a welder. The company denies that it terminated the service of Shri T. V. Francis in order to victimise him for his trade union activity. The company contends in this connection that apparently Shri T. V. Francis got himself elected as the Secretary of the Local Committee of the union in anticipation of his retrenchment, as it had already been decided to close the Welding Department and to sell the welding plant. The company therefore contends that it decided to close the Welding Department of the workshop for bona fide trade reason and as such the termination of the services of Shri T. V. Francis is justified.

FINDINGS

The company has adduced evidence to show how the running of the Welding Department of the workshop became uneconomic and why it had to close that department. The union, on the contrary, has adduced evidence to show that the Welding Department is still necessary. On this point the evidence adduced on behalf of the company far outweighs the evidence adduced on behalf of the union in believability. So I hold that there is nothing mala fide on the part of the company in deciding to close and actually closing the Welding Department. The company has admitted that both Shri Allen John and Shri Cham Sin were appointed later than Shri T. V. Francis. So the only point for determination is whether Shri T. V. Francis belonged to the same category of workmen as the other two, i.e., whether Shri T. V. Francis was a fitter in addition to being a welder.

The letter of appointment of Shri T. V. Francis has not been produced. Shri T. V. Francis says in his evidence that he lost it about 3 years back, the company has not been able to trace the office copy of the letter of appointment. The company has produced the Establishment Attendance and Pay Book of the company for the years 1955 to 1959 in order to show that Shri T. V. Francis has been described as a welder all along. But O.P.W. 1 Mr. Grierson, the Manager of the Tea Estate, who has produced the above book admits that the designations of the different employees mentioned therein are not important; what is important is the correctness of the amounts shown as paid therein. Even if it be contended that the above book is a faithful picture of the designations of the different employees, it appears therefrom that in many months Shri T. V. Francis has been described as a welder and fitter. So if that book is of any value as a piece of evidence, the evidence clearly shows that Shri T. V. Francis is a fitter and not simply a welder. The company has tried to show by other evidence that Shri T. V. Francis was only a welder. One such evidence is a letter, dated 10th/11th November 1954 (Ext. A5) addressed by the Manager of the Tea Estate to Messrs. James Finlay & Company Limited, Managing Agents of the above Tea Estate. Therein the Manager asked for the approval for the appointment of a welder, a fitter and a motor mechanic. The company says that Shri T. V. Francis to do the work of a mechanical fitter, and not be either a fitter or a motor mechanic. But the question arises who did the work of a fitter and that of a motor mechanic. It is in the evidence of both sides that one Shri R. K. Dutta was the motor mechanic. Who was the fitter? It is in the evidence of both sides that Shri Allen John is the electrical fitter; but it is admitted on all hands that a workshop requires the service of a mechanical fitter as well. Who was the mechanical fitter then? It is admitted in the evidence adduced by the company that Shri Cham Sin was appointed by the company in December 1957. The company has tried to suggest that even before his appointment by the company Shri Cham Sin used to do the work of a mechanical fitter under a contractor, named Wangtok. But it is clear from the evidence adduced on both sides that under the contractor Cham Sin did the work of extension of the factory and other construction work; the evidence on this point shows that at that time he did mainly the work of a carpenter. So before the appointment of Shri Cham Sin there was none else except Shri T. V. Francis is that welder and that as such he can-it is not the case of the company that such work

was not necessary before the appointment of Shri Cham Sin. Even Shri Cham Sin does not say that he did not see Shri T. V. Francis overhauling machines in 1955, 1956 or 1957. So there is no escape from the conclusion that by whatever designation Shri T. V. Francis may have been described, he was doing the work of a fitter. So he must be classed in the same category with Shri Cham Sin who is admittedly junior to him.

One trend of the argument made by the counsel on behalf of the company is that if it were not necessary for bona fide trade reason to terminate the service of Shri T. V. Francis, there is no reason why the company should have done so. The union has stated the reply to the effect that Shri T. V. Francis was discharged on account of his trade union activity. The company has suggested that Shri T. V. Francis became elected as the Secretary of the Local Committee after having prior knowledge that his services would be terminated on bona fide trade reasons. In support of this contention of the company, the company has pointed out that it decided to sell the welding plant at about that time. But there is no evidence to show that Shri T. V. Francis had any prior knowledge of the intention of the company, to terminate his service. Even if it be held that it was necessary on the part of the company to retrench one person for bona fide trade reason, it could nevertheless be argued that the company seized that opportunity in order to victimise Shri T. V. Francis for his trade union activity. So the contention of the union that the termination of Shri T. V. Francis is an act of victimisation cannot be brushed aside lightly.

Irrespective of the question whether victimisation was at the back of the company's mind. evidence clearly shows that Shri T. V. Francis was a fitter and that he was not juniormost in that category. Hence I hold that the termination of employment of Shri T. V. Francis is unjustified. So I order that he shall be reinstated and be paid wages for the period of his forced unemployment. The above order shall take effect within a month of the publication of this award in the "Calcutta Gazette".

Notices

3. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer shall be entitled to carry out the measure.

Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of any order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector or rural medical officer and by post to the Health Officer and the cost of such messenger in each case shall be defrayed by the State Government.

(2) The Doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the Health Officer by post and the cost of such messenger in each case shall be defrayed by the State Government.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order any person to take such drugs in such quantities as may be specified by the said Officer or to submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The State Government shall provide free of charge suitable places, with necessary attentions, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer as being fit for the purpose of such isolation.

15. If it is not possible for the State Government to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the nearest hospital where there is suitable arrangement for isolation.

16. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. No person shall expose in any street, shop, bazar, or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

Water-supply

24. (1) When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or other source of water-supply is situated, to take steps to close the same to the satisfaction of the Health Officer or the Sanitary Inspector, as the case may be, within such time as may be specified in the order.

(2) The Health Officer or a Sanitary Inspector may require such owner or occupier to keep closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Explanation.—In this regulation, "to close" includes the placing of chaukidars to prevent access to the well, tank, pool or other source of water-supply.

The Health Officer or a Sanitary Inspector may prohibit persons from entering into or using for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in his opinion, is contaminated or likely to be contaminated.

27. The Health Officer or a Sanitary Inspector may, by an order published at such places as he may think fit, set apart any well, tank, part of a river, stream or channel not being private property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit therein or within a distance therefrom to be stated in the order all bathing, washing of clothes or animals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of bathing or for the purpose of washing animals or clothes or for any other purpose connected with the health and cleanliness of the people using such water-supply.

28. The Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any rubbish, sewage, or offensive matter, into any well, tank, pool or other source of water-supply, which is used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

Conservancy and sewage disposal

29. The Health Officer or a Sanitary Inspector may (1) prohibit the committal or continuance of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

Explanation.—In this regulation "nuisance" means anything which in the opinion of the Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

30. Whenever the Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or may take such steps as is deemed necessary to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

31. The Health Officer or a Sanitary Inspector may, for the prevention of the outbreak or spread of cholera, order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

The Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela*, or other gathering to which people from several villages commonly or periodically resort.

33. The Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

34. The Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

40. The Health Officer may order that no dome or other person employed for the disposal of corpse shall withdraw from his duties without the permission of the Health Officer unless such dome or other person has given notice in writing not less than one month previously of his intention so to withdraw.

41. The Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse, which, in the opinion of the said officer or inspector, is infected with or is likely to spread cholera, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of cholera.

42. (1) The Health Officer or Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case of cholera or suspected cholera to attend before him at a time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

(2) When the person summoned to appear under paragraph (1) is a female, who, by the custom of the country, does not appear in public, suitable precaution shall be taken to respect the said custom.

43. (1) The Health Officer or a Sanitary Inspector may examine orally any person who appears to be acquainted with the facts and circumstances of a case of cholera or suspected cholera.

(2) When the person to be examined under paragraph (1) is a female who, by the custom of the country, does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect to the said custom.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

44. The Health Officer or a Sanitary Inspector may, with such assistants (if any), as he thinks fit, enter upon any land, or after two hours' notice in writing, into any premises or buildings used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure of making any enquiries authorised by these regulations.

Jails

RESOLUTION

No. 3128H.J./3R-7/58.—3rd October 1958.—Read the report on the administration of Jails and Borstal School of the State of West Bengal for 1956.

The total number of convicts sentenced to imprisonment not exceeding one month was 49,146 constituting 78.2 per cent. of the total as against the corresponding figure of 73.53 per cent. during 1955. The increase in the percentage appears to be due to the Anti-Merger movement.

Government note with concern that the admission of short-term perisoners continues to be very high. The period of their sentence being very short, they could hardly derive any benefit from the programme for reformatory treatment while they are exposed to the contamination of prison life. It is hoped that the extension of the probation system to the different districts of the State which is now under the consideration of Government will go a long way in solving the problem of the increase in the number of short-term prisoners provided the Courts take recourse to the provisions of the probation law.

2. The total number of under-trial prisoners admitted into Jails and Sub-jails during the year under review was 69,690 as against 63,163 in the previous year. The average period of detention of under-trial prisoners during the year as compared with that of the previous year as shown below is slightly shorter in respect of both the Magistrates' cases and the Sessions cases.

[Average period of detention (in days)]

	1955	1956
1. Sessions cases ...	42.67	36.50
1. Magistrates' cases ...	28.09	26.72

Still the period of detention is sufficiently long and it is highly desirable that cases are disposed of more quickly.

3. Government note with satisfaction the various reformative measures introduced during the year. Amongst them special mention may be made of the following:—

(1) Opening of a self-contained female ward in the Berhampore Central Jail for confinement of long-term female convicts. Special facilities have been provided there for training in handicrafts and games and recreation of the long-term female convicts concentrated there.

(2) Provision for temporary release (parole leave) of certain classes of convicts under the Prisoners (West Bengal Amendment) Act, 1955.

(3) Provision for supply of hand fans to ordinary prisoners for use during the summer months.

(4) Improvement of early morning meals of ordinary prisoners.

4. Government are pleased to find that the number of deaths among the prisoners came down during this year (12) as compared with the previous year (22).

OFFICE OF THE ACCOUNTANT-GENERAL, WEST BENGAL

NOTIFICATION

Subject: Advance of pay to State Government servants to meet commitments during the ensuing Durga Puja.

No. TM/765.—7th September 1960.—A reference is invited to the Government of West Bengal, Finance Department, Audit Branch, Express Memo. No. 2703F., dated the 31st August 1960 (copy reproduced below), regarding the grant of Puja advance subject to the conditions specified in the Government order.

All Drawing and Disbursing Officers of the Government of West Bengal are hereby requested that the advance of pay sanctioned in the Government order quoted above, should be drawn and recovery thereof made strictly in accordance with the instructions given therein. A certificate to the following effect should also be furnished in each bill containing claims on account of the advance—"Certified that the terms and conditions as laid down in the Government of West Bengal, Finance Department, Audit Branch, Express Memo. No. 2703F., dated 31st August 1960, have been fulfilled and that the advances have been sanctioned by the competent authority in respect of the person/persons for whom the Festival Advance has been claimed in the Bill".

2. To facilitate accounting, the head of account to which the amount of advance will be debited should be shown clearly in the front page of the bill as "S—Deposits and Advances—Part III Advances not bearing interest—Departmental Advances—Civil Advances—Festival Advances". For facility of sorting of the vouchers in the Treasuries, the departmental major heads under which the pay and allowances of the Government servants concerned are debited should also be indicated thereon.

3. As the Festival Advance is adjustable under the head "S—Deposits, etc.", a separate schedule for this head should be prepared in Treasuries and submitted along with the supporting vouchers. The total of these schedules should agree with the amount appearing in the list of payments under this head.

The recoveries of Festival Advance, which is to be made by deduction from the pay bills should be accounted for in the treasuries by transfer credit to the aforesaid head.

4. In cases where the names of the Government servants for whom the advance is drawn are not shown in the body of the bill itself, a separate schedule detailing the names of persons and the amount of advance taken by each of them should be furnished by the Drawing Officers along with each bill.

5. In support of the recovery of the advance when effected in the pay bills, the Drawing Officers should attach to the bills, schedules in the enclosed Form No. II. The treasuries are required to indicate the No. and date of the Treasury vouched concerned on the schedules, detach them from the bills, arrange them according to the major head of accounts

to which the pay and allowances of the incumbents concerned are debited and prepare covering list of schedules for each major head in the same way in which it is done in the case of deductions on account of P.L.I. subscriptions. The schedules with the supporting covering lists should then be sent to this office along with the monthly cash accounts and a consolidated statement showing the total recoveries under each major head of account.

In the case of a person transferred from another office, whose recovery is being shown for the first time in the schedule (Form II) the details of bills in which the advance was originally drawn for him as well as details of the bills in which other instalments have been recovered should be shown in the remarks column of the schedule. All the details should invariably be included in the L.P.C. in such cases.

6. The Drawing and Disbursing Officers are hereby requested to furnish this office by the 19th of each month with the statement of recoveries effected during the preceding months and the balances outstanding in each of these months in the enclosed Form No. I. As the instalment of recovery of the Advance drawn in September 1960 will commence from December 1960 through the pay bill for November 1960 payable in December 1960, the first statement should reach this office by the 10th January 1961 positively with the headings and columns 1, 2, 3 and 4 thereof only being duly filled in. The Second statement with the headings and columns 1 to 6 only duly filled in should be sent by the 10th February 1961. In this way the statements should continue to be furnished to this office by the prescribed date every month till the outstanding advance is fully repaid. In cases where recoveries of the advance are effected in cash, the challan Nos. and dates, should be noted in the statement in place of No. and date of the vouchers.

In cases where the recovery cannot be effected from the recipients due to their transfer to a different office, the fact should be mentioned in the remarks of column of the statement indicating the outstanding amount and the particular office to which he is transferred. Similarly, if an incumbent with an advance outstanding for recovery is transferred from a different office, the amount outstanding for recovery on the date of transfer, the No. and date of the Treasury voucher in which the advance has been drawn and the name of the office from which transferred should be separately shown in columns 1 and 2 of the statement with necessary explanatory notes in column 16. In any case, an elucidation would be required whenever any amount, due to be recovered, could not be realised or when any recovery was effected against an advance which was not originally drawn by the drawing officer effecting the recovery. In the case of the work-charged establishment and staff of the Forest Division, the Divisional Officers will submit the Statements along with the monthly accounts. Instead of reference to the numbers and dates of Treasury Vouchers the particular item of the Divisional Accounts in which the debit or credit stands included is to be indicated.

To enable the Drawing Officers to furnish the necessary particulars in the monthly statements prescribed herein, all Heads of Offices are hereby requested to note in the L.P.C. the No. and date of the Treasury Vouchers in which the advance outstanding against the incumbent transferred was drawn and the amount outstanding for recovery on the date of transfer.

In respect of recoveries of the advance effected in cash, the challans, should be supported by a schedule to be prepared in the enclosed Form No. II. The Treasuries are required to indicate the Nos. and dates of the respective challans on these schedules and to detach them from the challans for inclusion in the covering lists of respective departments and subsequent transmission to this office in the same way as detailed in paragraph 5 above. The challans need not, however, be sent to this office.

The above instructions should be noted by all Drawing Officers and Treasury Officers (including Sub-Treasury Officers) for strict compliance.

R. R. GUPTA,

2. The concession sanctioned in paragraph 1 above may also be extended—

(a) to a temporary Government servant drawing a basic pay not exceeding Rs. 350 per month provided that the authority sanctioning the advance certifies that the advance is likely to be recovered in full and the temporary employee is expected to continue in service for the next six months during which the recovery will be made;

(b) to whole-time piece-rate workers (permanent and temporary), the advance in their case not exceeding either one-twelfth of the total pay (excluding allowances) earned during the preceding 12 months ending 31st August 1960, or Rs. 150 whichever is less, provided that the heads of offices certify that the amount will be duly recovered in six equal monthly instalments from such employees.

LABOUR DEPARTMENT

ORDERS

No. 4614-I.R./IR/10L-39/59. — 29th August 1960.—Whereas under the Government of West Bengal, Labour Department, order No. 1956-I.R./IR/10L-39/59, dated the 19th March 1960, the industrial dispute between Messrs. Bamangachi Machinery Industries, 73/4 Dasarath Ghosh Lane, Bamangachi, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bamangachi Machinery Industries, 73/4, Dasarath Ghosh Lane, Bamangachi, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah. (Case No. VIII-C-84 of 1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: None.

For the Union: Shri Anadi Das, President.

By order No. 1956-I.R./IR/10L-39/59, dated Calcutta, the 19th March 1959, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Bamangachi Machinery Industries and their workmen represented by Howrah Small Factories Workers' Union to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the discharge of Shri Ganesh Chandra Mitra is justified? To what relief, if any, is he entitled?

The case of the Union, briefly stated, is as follows:

Shri Ganesh Chandra Mitra was serving the Company as a Store Clerk from February 1947. His salary was Rs. 35 per month. In November 1955 he fell ill and the doctor diagonised his disease to be T.B. It took him about 30 months to recover completely. During this period of his illness he met the management at regular intervals and submitted his certificate of illness, and the management assured him each time that he would get his service as soon as he would recover. He became fit in March 1958 and went to join duty with a fit certificate. But the management did not allow him to join duty on the plea that he was discharged, though no letter was issued to him. So the Union contends that the discharge of Shri Ganesh Chandra Mitra is unjustified.

The case of the Company, on the other hand, is that Shri Ganesh Chandra Mitra worked up to 18th November 1955 and after that date he did not come back for work.

Findings

So the point for determination is whether Shri Ganesh Chandra Mitra offered to resume work in March 1958 and whether he was refused work then. Though the Company filed the written statement, it did not appear at the time of hearing, though there were some adjournments. The Union has examined two witnesses in support of this case. It is clear from their evidence that Shri Ganesh Chandra Mitra appeared before the management in March 1958 with a fit certificate and that he was refused work. So this clearly amounts to a discharge. As the Company has not adduced any reason for such discharge, I hold that the discharge of Shri Ganesh Chandra Mitra is unjustified. He has admitted in reply to my question that his present age is 65. So there can be no point in ordering his reinstatement, as he is physically incapable of doing any work. In view of the fact, however, that he has been unjustly discharged, I order that the Company should pay him a compensation of Rs. 250. The above order shall take effect within a month of the publication of the award in the "Calcutta Gazette".

Taken at my dictation and corrected by me.

H. R. DEB, Presiding Officer.

HEM RANJAN DEB, Presiding Officer, Second Labour Court.

The 18th August 1960.

By order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

No. 4613-I.R./IR/8L-26/60. — 29th August 1960. — Whereas under the Government of West Bengal, Labour Department, order No. 2059-I.R./IR/8L-12/58, dated the 13th May 1959, the industrial dispute between Messrs. Bowreah Cotton Mills Co. Ltd., Bowreah, Howrah, and five of their workmen mentioned in the 'Issue' to the said order, dated 13th May

1959, represented by Bowreah Cotton Mills Workers' Union, Bowreah, Howrah, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bowreah Cotton Mills Co. Ltd., Baureah, Howrah, and five of their workmen mentioned in the 'Issue' below, represented by Bowreah Cotton Mills Workers' Union, Bowreah, Howrah. (Case No. VIII-C.143 of 1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri R. Goswami, an officer of the Bengal Chamber of Commerce and Industry.

For the Union: Shri Patit Paban Pathak.

By order No. 2059-I.R./1R/8L-12/1959, dated Calcutta, the 13th May 1959, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Bowreah Cotton Mills Co. Ltd., and five of their workmen represented by Bowreah Cotton Mills Workers' Union to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference

Issue

Whether the dismissal of the following workmen is justified? To what relief, if any, are they entitled?

(1) Jaleswar Dhara, (2) Amrita Parui, (3) Kartick Das, (4) Subid Ali and (5) Panchu Shaikh.

At the time of the hearing, the Union did not espouse the cause of Shri Panchu Shaikh. So I hold that there is no industrial dispute in respect of his alleged dismissal. As to the other workmen mentioned in the order of reference, the case of the Union, briefly stated, is as follows:—

The above four workmen were leaders of Bowreah Cottin Mills Workers' Union and as such they espoused the cause of the workers in general. The management did not take this in good grace. Charge-sheets were issued against them and they submitted replies to those charge-sheets. Though the management was fully aware of the fact that they were not guilty of the charges mentioned in their respective charge-sheets, yet the management dismissed them after a sham enquiry which was neither fair nor proper. So the Union contends that their dismissal is unjustified.

The case of the Company, on the other hand is as follows:—

Sarbasri Juleswar Dhara, Amrita Parui and Subid Ali belonged to the Weaving Department of the mill. On 28th January 1958 at about 5 p.m. these workmen along with about 100 workers unlawfully left their work and went to the office of the Weaving Master, shouting slogans in a defiant attitude and threatened the Weaving Master with violence for imposing fines on some workers. Though the Weaving Master asked them to go back to their work, they did not disperse till the Manager and other officers of the Company had arrived at the spot and intervened. The above conduct of these workmen amounted to gross indiscipline. The working of the Weaving Department was also dislocated for some time as a result of their conduct. Accordingly charge-sheets were issued to them for commission of offence mentioned in rule 17(b) and (j) of the Standing Orders of the Company. Shri Kartick Das was a Doffer Boy in the Carding Department. On 1st January 1958 the departmental supervisor Shri D. D. Sharma asked him to clean some bad bobbins; he flatly refused to do the work. Moreover he asked other workmen in the department not to clean the bobbins. The above act of Shri Kartick Das in refusing to carry out the orders of the supervisor is a misconduct under rule 17(a) of the certified Standing Orders of the Company, as such, a charge-sheet on that charge was issued to him. All the above four workmen submitted replies to the respective charge-sheets issued against them. Enquiries in respect of the charge-sheets were held on different dates. The above workmen were present at the respective enquiries and they were given opportunity to cross-examine the witnesses examined by the Company and also to examine witnesses in their defence. The enquiries were properly held. As a rseult of the enquiries the management found all the above four workmen guilty of the respective charges framed against them and accordingly dismissed them, as there were no extenuating circumstances. So the Company contends that the dismissal of the above four workmen is justified.

Findings

The main grounds on which the Union has questioned the propriety of the orders of dismissal are: (1) Victimisation and (2) Sham enquiry.

The Union has not adduced any evidence to show how and when the four workmen in question incurred the displeasure of the management on account of their trade union activities. So I at once come to the finding that there is on substance in the allegation of victimisation.

As to the enquiry, the Company has produced the statement of the workmen concerned and all the witnesses at the enquiries. The statements have been marked Ext. B series. These statements show that the charge-sheeted workmen

cross-examined some of the witnesses. The Union has not shown any reason why the witnesses should depose falsely at the enquiries or before me. Though no proceedings of enquiries have been prepared, the evidence of O.P.W. 2 Shri Gopendra Kumar Dutta, Labour and Welfare Officer of the Company, as also the statements of witnesses (Ext. B series) clearly show that the enquiries were properly held.

Sarbashri Jaleswar Dhara, Amrita Parui and Subid Ali have been charged for (i) striking work, and (ii) disorderly behaviour and acts subversive of discipline under rule 17(b) and (j) of the Standing Orders of the Company. The evidence adduced at the enquiries about striking work is not convincing; but there can be no question as to the decision of the Company about the second charge, viz., disorderly behaviour and acts subversive of discipline. So it can be conceded that the Company has not been able to prove the charge of striking work; but the other charge has been proved beyond any shadow of doubt. That charge by itself merits dismissal. There is a mistake in the charge-sheets about the relevant sub-clause of the Standing Orders. Rule 17(j) of the Standing Orders does not relate to disorderly behaviour or acts subversive of discipline; it mentions something else. The proper sub-clause should be rule 17(i) which mentions disorderly behaviour and acts subversive of discipline. That mistake in the charge-sheets has not in any way prejudiced the defence of the charge-sheeted workmen at the enquiries, because the alleged misconduct has been clearly mentioned in the charge-sheets. As to Shri Kartick Das, the evidence at the enquiry clearly proves that he refused to clean the bobbins. In the evidence before me he has contended that as it was his duty to clean bobbins, there was no reason why he should refuse to do so. This contention cannot be accepted as against the positive evidence at the enquiry that he refused to clean the bobbins. This is clearly a misconduct coming under rule 17(a) of the Standing Orders of the Company.

In view of the above considerations, I hold that the dismissal of Sarbasri Jaleswar Dhara, Amrita Parui, Subid Ali and Kartick Das is justified. As such, they are not entitled to any relief.

ANNEXURE

In the matter of an industrial dispute between Messrs. Pioneer Engineering and Scale Company, Baltikari, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah. (Case No. VIII-143 of 1960.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: None.

For the Company: Shri S. K. Bhattacharji, Shri A. K. Sarkar and Shri B. Das, officials of the Association of Manufacturers, Commercial and Traders, West Bengal.

AWARD

By order No. 3027-I.R./IR/10L-149/59, dated 15th June 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Pioneer Engineering and Scale Company, Baltikari, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, regarding the matters specified in the schedule to the Third Industrial Tribunal constituting under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the conversion of Sarbashree Gopal Naskar and Govinda Sardar from daily-rated workmen to piece-rated workmen is justified? To what relief, if any, are they entitled?

The reference was received by this Tribunal on 23rd June 1960. Notices were duly served upon the parties and the date was fixed on 21st July 1960 for appearance and for filing of written statement of claim by the Union, namely, Howrah Small Factories Workers' Union representing the workmen of Messrs. Pioneer Engineering and Scale Company, Baltikari, Howrah. On 21st July 1960 two officers of the Company appeared being

duly authorised but no step was taken by the Union. The case was put up on 4th August 1960 for further orders. On that day even the Union did not take any steps. So the notice was issued upon the Union by registered post on 4th August 1960 informing the Union to appear and take steps by 25th August 1960, failing which a "no dispute" award would be made without any further reference. That notice was received by the Union on 22nd August 1960 as the acknowledgment receipt goes to show. But still the Union did not appear or file any written statement on 25th August 1960. Therefore, the record is put up today (27th August 1960) for final orders.

As the Union has not filed any written statement or taken any step in support of the issue under reference and has failed to attend or to be represented before this Tribunal without sufficient cause being shown, it must be presumed that the party has duly attended and has been represented but has no case or dispute to make out before this Tribunal. I accordingly record a finding that the alleged dispute between the parties is no longer in existence and as such I make a "no dispute" award in the absence of the Union under the present circumstances.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Eagle Lithographing Company Private Limited, 36B Christopher Road, Calcutta-14, and their workmen represented by the Eagle Lithographing Employees' Union, 3 Commercial Buildings (1st floor) Calcutta. (Case No. VIII-C-188 of 1958.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

For the Company: Shri N. K. Mookherjee, Advocate, assisted by Mr. Parry, Labour Adviser.

For the Union: Shri Nikhil Roy, Advocate.

By order No. 3563-I.R./IR/11L-373/58, dated Calcutta, the 23rd August 1958, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Eagle Lithographing Company Private Limited and their workmen represented by the Eagle Lithographing Employees' Union to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the dismissal of the following workmen is justified? What relief are they entitled to?

(1) Shri Basant Singh, (2) Shri Tarapada Ganguly, (3) Shri Badal Chandra Pal, (4) Shri Debnarayan Majhi, (5) Shri Abdul Rashid Mallick.

The case of the Union, briefly stated, is as follows:—

Messrs. Eagle Lithographing Company Private Limited (hereinafter referred to as the Company) is a very old and prosperous concern and happens to be a pioneer company in the printing press industry. The Company has been trying to break the solidarity of the workers by various sorts of unfair labour practices including setting up workmen against workmen under communal colour. On many occasions the Company picked up members of the Executive Committee of the Union for victimisation. Sarbasri Basant Singh, Tarapada Ganguly, Debnarayan Majhi and Abdul Rashid Mallick are members of the Executive Committee of the Union and Shri Badal Chandra Paul is an ordinary member of the Union. On 14th May

1958 the Company issued charge-sheets against them alleging falsely that they had assaulted one Shri Lall Babu outside the factory area on 13th May 1958. On receipt of the charge-sheets they gave their explanations stating that they were innocent of the charge framed against them. Thereafter without making any proper enquiry and without giving them any reasonable opportunity to defend themselves the Company by its letters, dated 3rd June 1958, terminated their services. The Union therefore contends that their dismissal is unjustified.

The Company has denied the allegation of setting up workmen against workmen under communal colour made against it by the Union. It denies any knowledge as to whether Sarbasri Basant Singh, Tarapada Ganguly, Debnarayan Majhi and Abdul Rashid Mallick are members of the Executive Committee of the Union, and it also denies the allegation of victimisation. As to the facts of the case, the version of the Company is as follows:—

Shri Lall Babu, an employee of the Company reported against the canteen contractor and his staff for some mal-practices. On receipt of that report the management held an enquiry as to the allegations made in that report on 13th May 1958, and in course of the enquiry Sarbasri Basant Singh, Tarapada Ganguly, Badal Chandra Paul, Debnarayan Majhi and Abdul Rashid Mallick came to know that their names were mentioned by Shri Lall Babu as having a hand in the mal-practices alleged by him. They became angry, and that very day after the close of the factory they caught hold of Shri Lall Babu outside the factory gate and severely assaulted him causing multiple injuries, for which he was laid up in bed for several days. On the following day charge-sheets were issued to the above five workmen for their assault on Shri Lall Babu. They gave their explanations. Then the management issued notices on them fixing 19th May 1958 for holding of an enquiry into the charges mentioned in the charge-sheets issued to them. Accordingly the enquiry was held on 19th May 1958. All the five workmen attended the enquiry and were represented by their co-worker Shri Sunil Sen, selected by them. They were given all opportunities to defend themselves. Statements of witnesses were not completed on that day; the enquiry was adjourned to 21st May 1958. Sarbasri Tarapada Ganguly and Debnarayan Majhi did not attend the enquiry held on that day; but the other three attended on that day. For Sarbasri Tarapada Ganguly and Debnarayan Majhi the enquiry was adjourned to 28th May 1958; on that day they attended the enquiry with their representative Shri Mohitosh Majumder, a co-worker of their choice. The enquiry was completed on that day. On a consideration of the statements of witnesses and of the charge-sheeted workmen recorded at the enquiry, the Enquiring Officer was satisfied that the charge mentioned in the charge-sheets was proved beyond any shadow of doubt, and he accordingly found the five workmen guilty under clause 13(b) of the Standing Orders of the Company. The employer accepting the finding of the Enquiring Officer dismissed the above five workers from service but granted them one month's wages in lieu of notice, as provided in the case of termination of employment under clause 14 of the Standing Orders. Accordingly the orders of dismissal were communicated to them by letters dated 3rd June 1958. So the Company contends that the dismissal of above 5 workmen is justified.

Findings

The Union has not adduced any evidence in support of its contention that the Company has set workmen against workmen on communal basis. It is true that the workman on whose complaint charge-sheets were issued is a muslim, whereas most of the charge-sheeted workmen are non-muslims but there is also a muslim amongst them. So the allegation of communal dissension fails. The Union has not adduced any evidence to the effect that the Company was aware whether Shri Basant Singh, Shri Tarapada Ganguly, Shri Debnarayan Majhi and Shri Abdul Rashid Mallick were members of the Executive Committee of the Union. There is no evidence to the effect that they had previously incurred the displeasure of the Company for extraneous reasons. So the allegation of victimisation also fails. Hence the only point for consideration is whether the enquiry was properly held.

Both parties have adduced evidence in support of their respective cases. The charge-sheeted workmen have admitted that an enquiry was held; their only contention is that the enquiry was not properly held. Shri Basant Singh who was the first witness to be examined on behalf of the Union admits that he remembers to have asked some questions to Shri Lall Babu; but the other charge-sheeted workmen who were examined later denied that they cross-examined the witnesses produced on behalf of the Company. All of them have denied that they were allowed to produce witnesses on their behalf. But the proceedings of enquiry Ext. G series show that the witnesses examined on behalf of the Company were cross-examined by the charge-sheeted workmen and that they did not offer to examine any witness on their behalf. The proceedings have been signed by Shri Sunil Sen who was present at the enquiry as the representative of the charge-sheeted workmen. The respective statements of the charge-sheeted workmen were also signed by them. So it cannot be held that the charge-sheeted workmen were not given sufficient opportunity to defend themselves, and as such the proceedings of the enquiry cannot be questioned on that ground.

The learned lawyer on behalf of the Union has pointed out a defect in the conduct of the enquiry. O.P.W. 2 Shri Lall Babu has admitted in his cross-examination that he was asked by Shri Parry, the Enquiring Officer, to produce two outsider witnesses. On this the learned lawyer for the Union has argued that the Enquiring Officer has taken an undue interest in proving the allegation made by Shri Lall Babu, the complainant, against the five charge-sheeted workmen. This, the learned lawyer for the Union argues, has vitiated the entire enquiry. It may be conceded

that Shri Parry would have done well not to make such a suggestion to Shri Lall Babu; but that does not show that Shri Parry was biased from the beginning. The proceedings of the enquiry and the report of the Enquiring Officer Ext. I(5) are the best evidence on the point as to whether the Enquiring Officer was biased or not. On a perusal of the above document and in consideration of the evidence given before me by Shri Parry, I have no hesitation in holding that the enquiry held by Shri Parry was fair. It is true that some of the witnesses examined on behalf of the Company at the enquiry did not corroborate Shri Lall Babu; but there was other evidence adduced at the enquiry in support of Shri Lall Babu's contention. It cannot be said that the evidence adduced at the enquiry in support of the complaint of Shri Lall Babu is unbelieveable. If the enquiring officer believed that evidence and came to the finding which he has come to, it cannot be held that his finding is unjustifiable.

The learned lawyer for the Union has contended that since the alleged assault on Shri Lal Babu took place outside the factory and since it had no relation to any work of the Company, it cannot be held that the charge-sheeted workmen were guilty of act subversive of discipline for such assault. His argument is this that according to the evidence led by the Company the trouble started about certain mal-practices at the canteen; the canteen is managed by a committee consisting of workmen alone, with no representative of the employer in it. As such the running of the canteen or what took place there cannot be a matter of any concern to the Company; and so if anything happens as an aftermath of what has taken place at the canteen that cannot come under clause 13(b)(8) of the Standing Orders. So the learned lawyer for the Union contends that the charge is misconceived. But it is on evidence that the Company pays a weekly subsidy of Rs. 250 to the canteen and has also furnished rent-free accommodation and other facilities to the canteen. It is not that the canteen has been organised by the workers alone. It is a part of the factory it self run by the Company. If the Company had nothing to do with the canteen, it is not understood why the Company should pay a subsidy and extend other facilities to the canteen. So the amenities offered by the canteen must be taken to be included in the facilities given by the Company to its workmen. So the running of the canteen must be taken to be a part of the work of the factory, though the management of the factory does not interfere in the day-to-day administration of the canteen. So the assault on a workman, even outside the factory, as a sequel to what took place at the canteen must be taken to be connected with the employment of the workmen under the Company. So the assault on Shri Lall Babu clearly falls under clause 13(b)(8) of the Standing Orders.

As the charge or the enquiry does not suffer from any infirmity, vitiating the proceedings of enquiry and as the finding of the Enquiring Officer is a reasonable view on the evidence at the enquiry, I find no reason to interfere with the finding. Hence I hold that the dismissal of Sarbasri Basant Singh, Tarapada Ganguly, Badal Chandra Paul, Debnarayan Majhi and Abdul Rashid Mallick is justified. As such, they are entitled to no relief.

AWARD

The above disputes arising out of the alleged dismissal of Shri Ashutosh Das, one of the workmen of the aforesaid employer, being a matter

specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was originally referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, by its order No. 5341-I.R./IR/11L-606/58, dated the 16th December 1958, and the only issue framed for decision in the said order was:—

Whether the dismissal of Shri Ashutosh Das is justified. To what relief is he entitled?

The same dispute with the same issue was subsequently referred to this Tribunal for adjudication by Government of West Bengal, Labour Department, by its order No. 3631-I.R./IR/11L-606/58, dated the 19th July 1960, after the abolition of the said First Labour Court and in the circumstances specified in the said order.

The Union representing the aforesaid aggrieved workman filed its written statement of claim before the First Labour Court and the aforesaid employer also filed his counter written statement before the said Court.

After the dispute came up before this Tribunal in the circumstances set out above both parties adopted the written statements filed before the said Labour Court and accordingly the matter was fixed for hearing on 19th August 1960.

After the matter was called on for hearing and both sides' cases were stated before this Tribunal, some talk of settlement was initiated and after some discussion between the Union representative appearing for the workman and the employer Shri R. C. Bose himself an amicable settlement between the parties was effected and a joint petition of compromise embodying the terms settled between and accepted by the parties was filed before this Tribunal. In the petition it was prayed that an award might be passed in terms of the settlement embodied in the petition. The Union representative appearing for the workman and the employer himself were heard regarding the joint petition of compromise and the terms of settlement embodied therein. I was satisfied that there was a bona fide settlement between the parties on the terms set out in the joint petition and that the terms settled were quite fair and reasonable.

Accordingly, I accept the terms of settlement embodied in the joint petition of compromise and pass an award in terms of the said petition, a copy whereof is made an annexure to this award as part thereof.

Present:

AWARD

Feeder Road, Ariadah, 24-Parganas (hereinafter referred to as the Company), and their workmen represented by Engineering Shramik Union, Shramik Shivir, Talpukur, 24-Parganas (hereinafter referred to as the Union), has been referred to this Tribunal for adjudication.

The issues framed by Government are as follows:—

(1) Wages.
(2) Dearness allowance.
(3) Leave and holidays.
(4) Condition of service—appointment, discharge and dismissal.
(5) Whether the action of the management in dismissing Shri Ramadhar Shaw and Shri Rabin Palit is justified? To what relief, if any, are they entitled?
(6) Whether the action of the management in suspending Sarvashri Nirode Ranjan Dey, Khirode Lal Roy and Amal Chakrabarty for more than three weeks is justified? To what relief, if any, are they entitled?

DECISION

The Company has taken a preliminary objection that issues Nos. 1, 2 and 3 are barred by the principles analogous to those of res judicata. This contention of the Company has been heard and decided as a preliminary point, and the Tribunal's finding has been as follows:—

Order No. 7, dated 2nd August 1960: By Government order No. 1838-I.R./IR/10L-61/59, dated 22nd April 1960, an industrial dispute between Messrs. Capstan Wire Products Private Ltd., M. M. Feeder Road, Ariadah, 24-Parganas (hereinafter referred to as the Company) and their workmen represented by Engineering Shramik Union, Shramik Shivir, Talpukur, 24-Parganas (hereinafter referred to as the Union), has been referred to this Tribunal for adjudication.

Government has framed 6 issues, out of which the first 3 are as follow:—

(1) Wages.
(2) Dearness allowance.
(3) Leave and holidays.

The Company has raised a preliminary objection that these 3 issues cannot be adjudicated upon in view of the principles analogous to those of res judicata; for, the identical issues had been the subject matter of a previous Government order of reference being No. 3971-I.R./IR/10L-110/58, dated 18th September 1958, which was made to the local Second Labour Court wherein an award was passed in terms of a petition of compromise filed by the parties who are the same as in this case. On the prayer of the Company, this objection regarding maintainability of the first 3 issues in this case has been heard as a preliminary point.

It is a fact that Government made a reference as aforesaid to the Second Labour Court wherein the issues were identical with the first 3 issues in the instant case. The parties filed a petition of compromise in that case. It contained several terms of settlement regarding all the issues in dispute. The Second Labour Court passed an award in terms of the said petition of compromise which was published by Government order No. 1627-I.R., dated 22nd April 1959, in the "Calcutta Gazette, Extraordinary", dated 30th April 1959.

The Union gave a notice to the Company dated 20th January 1960 which is as follows:—

"To
The Manager,
Capstan Wire Products (P.) Ltd.,
M. M. Feeder Road, Ariadah, 24-Parganas.

Dear Sir,

Sub.: Agreement—termination of.

Ref.: Government of West Bengal, 2nd Labour Court's Award, dated April 1, 1959.

Please take notice, which we hereby serve upon your goodself that we intend to terminate, the operational period of the agreement as per award referred to above with effect from 1st April 1960 as required by section 19 of the Industrial Disputes Act, 1947.

Yours faithfully,
For Engineering Shramik Union,
Nirmal Banerjee,
President. 20-1-1960."

It is apparent that after the service of this notice the Union raised a dispute, and Government has made the instant reference, the date of the order of reference being 22nd April 1960.

The contention of the Company is that the notice is insufficient, invalid and premature, and the Government order of reference also is void as it has been made during the pendency of the award aforesaid.

The Company contends that the normal period of subsistence of the award should be computed according to the provisions of section 19(6) read with section 19(3), of the Industrial Dispute Act, while the Union contends that the period of operation should be computed according to the provisions of sub-section (2) of section 19 as the matter was settled by an agreement.

If the contention of the Company is accepted it must be held that the notice is premature and insufficient, for according to section 19(6) of the Industrial Disputes Act, the award was to remain in force up to 22nd April 1960 and would continue to remain in force until the period of 2 months had elapsed from the date on which notice was given by any party intimating its intention to terminate the same.

Now the notice (which is annexure B to the Union's written statement) specifically stated that the agreement as per award was to be terminated from 1st April 1960. This date of termination fixed by the Union in this notice was in violation of section 19(6) of the Industrial Disputes Act, and necessarily it must be held to be insufficient, invalid and inoperative, and also it must be held that the award continued to remain in force in spite of the notice even after the expiry of its period of operation as envisaged by section 19(6) of the Act, and hence the Government order of reference is bad in law as it has been issued during the subsistence of the previous award.

Even if the Union's contention is accepted that the period of operation of the award should be governed by the date in the notice itself, there is no escape from the aforesaid position; for paragraph 3 of the previous agreement provided as follows:—

"It is agreed that the above terms of settlement shall come into force with effect from 1st April 1959 and shall be binding on the parties for a period of one year after which it may be terminated by either side giving one month's notice."

The words "after which" in the said clause are very significant. There can be no doubt that by the said paragraph 3 of the agreement it was intended that the agreement was to remain in force for one year with effect from 1st April 1959 and after that period it might be terminated by either side giving one month's notice. In passing, it may be mentioned that the provision for one month's notice was illegal and must be superseded by section 19(2) of the Industrial Disputes Act wherein two months' notice is provided for in case of termination of a settlement by an agreement. However, in view of the aforesaid clause in paragraph 3 of the agreement, the Union was debarred from serving the Company with a notice of termination during the period of subsistence of the agreement as provided therein. As the Union served a notice during that period, the notice must be held to be premature, insufficient and inoperatice [vide the principles laid down in the case of National Carbon Co. (India) Ltd. vs. Gan (M. N.) and Ors. reported in 1958 L.L.J., Vol. 1, page 472].

Even if it be held that the notice was proper and valid, the settlement would have continued to be operative till the expiry of 2 months from the date of expiry of the period of operation as provided for in the agreement itself. In other words, the agreement in any case would remain in operation up to 30th June 1960 and the Government would have no jurisdiction to issue an order of reference regarding the issues in dispute in the previous case before that date, i.e., 30th June 1960. The Government having issued the present order of reference on 22nd April 1960, it must be held that it is ultra vires and without jurisdiction.

It is apparent that in any view of the case, the first 3 issues are barred by the principles analogous to those of res judicata. However, it is held that for the purpose of computation of the period of operation of the agreement in the previous case, the agreement itself is to be regarded to have been merged in the award of the Second Labour Court, and the computation of the period of operation must be made according to the provisions of section 19(6) read with section 19(3) of the Industrial Disputes Act. It has been already held that the notice of termination given by the Union appears to be premature, insufficient and invalid on such computation and for this reason the Government order of reference is without jurisdiction (vide principles laid down in the case of Indian Aluminium Co. vs. Their workmen reported in 1958 L.L.J., Vol. II, page 403, at page 404, paragraph 7).

As a result, the Company's contention that issues Nos. 1, 2 and 3 in the instant case are barred by the principles analogous to those of res judicata is accepted, and the said issues will be left out of adjudication in this case.

16th August 1960 is fixed for hearing of the remaining issues.

G. KUMAR, Tribunal.

On 16th August 1960 the parties have filed a joint petition of compromise whereby they have settled amicably the dispute relating to the remaining issues, i.e., issues Nos. 4, 5 and 6. The terms of compromise are fair and reasonable. So, let an award be passed in terms of the petition of compromise, dated 16th August 1960, as desired by the parties and it do form a part of the award as annexure A.

The parties should be congratulated for the sincere endeavour they have made in coming to a settlement regarding issues Nos. 4, 5 and 6 in this case, and it is expected that this will be conducive to the maintenance of industrial peace and harmony between them in future.

(2) If the land or building is sub-let and its rateable value exceeds the amount of rent payable in respect thereof to the tenant by his sub-tenant, or the amount of rent payable in respect thereof to a sub-tenant by the person holding under the sub-tenant, the tenant shall be entitled to receive from his sub-tenant or the sub-tenant shall be entitled to receive from the person holding under him, as the case may be, the difference between any sum recovered under this section from such tenant or sub-tenant and the amount of property taxes which would be leviable in respect of the said land or building if the rateable value thereof were equal to the difference between the amount of rent which such tenant or sub-tenant receives and the amount of rent which he pays.

(3) Any person entitled to receive any sum under this section shall have, for the recovery thereof, the same rights and remedies as if such sum were rent payable to him by the person from whom he is entitled to receive the same.
